Mums enjoy puzzle time as much as the kids.

She is very proud of her new dress that fits well.

Dear Welcome Home Friends & Family,
Happy New Year to all !!!

We welcome in 2021 and pray it will be a much better year than the challenging year of 2020. We are thankful that the Lord has helped us through it.

COVID - Mid December we had a call from a local Doctor telling us that one of our mum's has COVID, then came the call from the government agency telling us they would be at Welcome Home the next day to test all our workers. This was going to be at 180,000sh per person Approximately \$50. We are thankful that William negotiated the cost per person down to 50,000sh approximately \$15 each - in the end \$1,000 for them all (it was free the previous week). At this writing we are waiting for results, praying all will be negative.

Jessica who had just returned has joined 5 of her young friends – they transferred to their long term home at SOS where they will be raised up through all their education and into jobs.

The Welcome Home children enjoyed decorating their Christmas tree. They have had a special fun activity every day along with the staff for the weeks before Christmas. We are thankful to the Lord that the children have all stayed healthy. We pray for the health of everyone on the compound.

The work on the Medical Clinic is surging ahead under the leadership of Sam. They are doing a great job. The digging of the pit latrine continues.

Thank you all for your faithful care and support. We are your hands extended into a place of often desperate need. Pray for safe Ugandan Elections.

*Blessings from Mandy,
and Your Welcome Home Family.*
