Dear Welcome Home Friends and Family,

This past month we had the victory of reuniting 4 of our children home to their family in their village. Our goal is to reunite as many children as we can safely back to their families care. For some it is a matter of organizing who will take responsibility to raise the child. For others the family needs help to get out of poverty so they adequately care for and school the child. Goats can provide a good income.

We have had a lot of children with devastated lives come to WH for care from the village of Lwambogo (shown as Kiko on Google Maps). Because of this, we are working there to lessen the suffering of the children. We have medical and dental clinics 3 or 4 times a year (open to ALL villagers, generally over 600 per clinic). We offer job training so parents can earn an income and support their families. We provide formula for a tiny baby, or cow's milk for a starving older one – often brought to our home by desperate parents.

Volunteers making a difference: Thanks to DelRetta and Mike - a clean water well is coming to the village soon! Travis (a volunteer from many years ago) was stirred to raise funds to pay for surgeries for the people in the village who have been on a waiting list (waiting for funds). This is making a difference to the needy children, as healthy parents can work and feed their family. Six surgeries have been done this past two weeks!!

We are making difference together!

Thank you all so much for partnering with us.

Blessings from Mandy, and Your Welcome Home Family.
