To Love, Care, and Pray Destitute Babies Back to Health; or into Jesus Loving Arms

Dear Welcome Home Friends and Family,

I (Mandy) enjoyed the above picture so much I decided to share it with you again, but bigger. Our toddler group is a handsome group of wonderful children. Some of you can see the children in the dresses and shorts that you have sewn for them. **We really appreciate all of you for your love, care and financial generosity** to make it possible for us to be your hands extended to the needy children of Uganda. Without you, our partners, we would not exist as a babies home.

This past month the home did excellent job to handle a **measles outbreak** that affected all the children. Most babies were not badly affected as all of them had been immunized (except a couple of new admissions). The government's immunization team makes regular visits to the home to keep up on all the children's shots. We had 9 of them hospitalized, sadly, we did lose one child - a little boy named Levi whose life was a struggle physically and mentally. Measles has brought a lot of death to third world countries so we were pleased to make it through with only one going to Jesus.

Our manager William and Nancy (Assist. Mgr/Social Worker) did some fine "**detective work**" with the help of police and probation officer in finding the grandmother of Allan who had been abandoned in a Taxi Park with a note on him stating who he was and asking for the child to be given care. Both mum and dad were arrested. Grandma will care for him.

We need used older metal Tonka Trucks! If you find one in a thrift store or have an unused one at your home we would love it if you could send to us. Please contact Mandy at the below email or phone for directions for shipping to California.

We are still looking for two families willing to do **special needs medical adoptions** for Oscar who is Hydrocephalic and Joseph who is Microcephalic. For their problems both children are doing well but will require a very committed family who know the realities of what they are getting into. Check the conditions out on the internet where there is lots of information available. Email me (Mandy) if you have questions.

We appreciate your prayers for our workers and children.

Blessings from Your Welcome Home Family

Above: Tonka truck one of our sturdiest.

Above Trucks and road construction.

Above Allan and Grandma reunited

Above: Friends can be older faithful ones

Above: Friendships mean a lot to our children

Above: Friends help us see ourselves
