

Welcome Home Ministries – Africa May 2007

“To Love, Care, and Pray Destitute Babies Back to Health, or into Jesus Loving Arms.”

Mary Clair healthy and happy at home.

Mik (from England) with the toddlers

Amos & Linda arrive at Los Angeles

The slide is a new toy to help keep the children and mums busy.

ps. the date on the photos s/b 2007, not 2006

Dear Welcome Home Friends & Family,

We apologize for the delay of this newsletter – we returned from Uganda very sick – a bad cold that we caught from the children.

April was a very busy month for Welcome Home with additional volunteers - Mik & Sue (a return for her) and Aubrey & Karen from Britain for the first two weeks and Annemie and Alibert on a return visit with Patricia from The Netherlands for the last two weeks. And from the US, Russell joined Mandy for the whole month. All bearing wonderful, much needed gifts for the home.

The children loved the extra attention from all the volunteers. It is a great place to pour out a lot of love. Many children are very needy of a lot of extra love and attention because of the rough start they have had to life.

It was a month of busy times for our builder as he had the task of building the **slide**, “**taxi**”, **swings and balance bar** for the children to help keep them stimulated and occupied.

We so deeply appreciate the gifts from the people of England (property expenses) and Holland (new fridges, essential supplies, & toys from a group of school children as well).

Young Jeremiah went home to the village to a very happy Grandma and Uncle.

Amos and Linda both 4 years old are now adopted and living in California with their new family, after a busy court month for them

Baby Julie is being adopted by a Ugandan family from Kampala

It was time to surprise check on the children who had recently returned home to their villages. It is with great joy we can report that Lora, Lisa and Lois are thriving at home with their mother and 3 brothers. Mother is doing well in her business ventures and is soon to have another baby

Hope is also doing very well at home with his father and Aunt. They are also still working their business to help with the family income.

We sadly bid farewell to volunteers Karen (USA) and Famke (Holland). We thank them very much for their loving service.

Thank you so much for caring

Your Welcome Home Family

A little girl (brain damaged - Malaria) gets a wheel chair.

Our “taxi” squeezes in 15 to 20 riders.

Lora ,Lisa & Lois thriving in the village

Steven & brother - to the eye specialist.
